

About the Edlevo student app

For students.

With Edlevo, you as a student easily can access important key functions for your life in school through mobile or tablet. You can get information, communicate or see results and keep you updated on important events in daily operations. All depending on the services your municipality is using.

Login

Login is done with login methods provided by your municipality

Home

On the home page you will see school schedule or events. If you don't have those services you will see an start page with a welcome message and shortcuts to your services.

Navigation

From the home page and the menu in the upper right corner, you can navigate to your functions.

The functions include the ability to navigate between different views through navigation arrows and back arrow in the upper left corner. When you navigate to a function from the menu the back arrow is replaced with the home icon that navigates to the startpage.

Menu

In the menu you can navigate back to the home page by *Home* and also reach all services. Under the menu option *Settings* you can change language.

For questions regarding the functionality displayed, please contact your school.
