End placement (Edlevo App)

This feature is available in the Edlevo app only if it has been enabled by the municipality.

The **End Placement** function allows you to end your child's early childhood education, pre-primary education, or club placement. You can find the **End Placement** function in the Edlevo App by pressing the **Menu** button in the top right corner, which will display the available functions.

Watch the video to see how to end a placement.

Overview

In the general view of the **End Placement** function, you will see your child's **current, future, and past placements**.

Current Placement

You can end the current placement by selecting the relevant row. In the Until field, select from the calendar the last day your child will be in early childhood education.

If desired, you can select a **Reason for Termination** from the dropdown menu. The content of this menu is defined by the municipality. Confirm the end of placement by pressing the **Confirm** button. The termination of the placement will only be visible in the **Care Hours** function the following day.

If the current placement already has an end date, you cannot end it electronically. In this case, please contact the municipality and/or your child's early childhood education provider.

Future Placement

You can cancel a placement that is set to begin in the future by selecting the relevant row. In the **Until** field, you can select the last care day from the calendar, but it must be at least the placement's start date.

If desired, you can select a **Reason for Termination** from the dropdown menu. The content of this menu is defined by the municipality. Confirm the end of placement by pressing the **Confirm** button. The termination of the placement will only be visible in the **Care Hours** function the following day.

If a future placement already has an end date, you cannot end it electronically. In this case,

please contact the municipality and/or your child's early childhood education provider.

Past Placements

You can view past placements where the end date is in the past.
