

Persons who can pick up the children

Persons who can pick up the children

In this function you can register and approve people who can pick up your child at the preschool or leisure time center.

To register a new person, Click the Add person button and fill in the fields and click Save. The information is saved and the personnel at the preschool / leisure time center can see who can pick up your child.

You also have the opportunity to delete or change the information on an already registered person.

People who can pick up the children are an option, so the function is displayed depending on whether your municipality has the option or not.
